3. Chair's Announcements Cllr Roberts: We have had a difficult couple of years with both internal and external relationships causing friction and disharmony within the council. This has resulted in accusations and complaints being thrown around like they are going out of fashion. I would like to believe, as discussed and agreed in our last meeting, that a line has now been drawn and that the council and community can now move forward in harmony. I, like many others, am aware that there have been, and still are, various power plays going on within our community which unfortunately appear to have insinuated themselves into the LLCC psyche and have diminished us in the eyes of our communities. However, these must now stop if we are ever to move forward. As Chair I will not tolerate any bullying, sniping or backstabbing and will call it out publicly if I see it so let's see if we can move forward in a positive manner and serve the community the best we are able. Thank you.	353
Cllr Ball: I would just like to mention at this time, that being a new community council, having joined at the end of July, I feel very frustrated at the continual complaints and jibes that are being made against the council, by different people from the village and former members of this body. I am not sure if there are grounds for these complaints, as I have not been part of the council for very long and cannot comment. I wanted to become a member of the council in order to help and support the community and to look at the future for our two villages. I feel, at this present time, that what is happening is actually impeding the council in being able to do this. I hope that everything can be sorted out quickly so that we can move forward without continual criticism. It was resolved to post the minutes to noticeboards Proposed: Cllr Worrell Seconded: Cllr Sainty For: All	354
4. Public Participation - Agenda items only NA	
5. To consider a motion to exclude the press and the public from the next items of business as they relate to confidential matters where it would be prejudicial to the public interest to hold the meeting without this exclusion [The Public Bodies (Admission to Meetings) Act 1960.] It was resolved to exclude the press and public Proposed: Cllr Roberts Seconded: Cllr Worrell For: All	355
6. To discuss correspondence received
